Dedicated Support Team

Save Time & Money

Reduce Labor Costs

Manage Complex Companies

Penalty Risk Management

Employee Benefits Dashboard

Track & Measure in Real-Time

Automated 1094-C/1095-C IRS Transmission

ACA Compliance Management

The Challenges –

If you are a business owner and fall under the ACA reporting requirements to the IRS, you are not alone in your frustration. The compliance pressure continues to increase as thousands of IRS penalty notices are being delivered each year.

The Efficient Solution –

Life is complicated enough, so let us streamline ACA for you! Here's how our technology is the difference for your compliance needs:

- » Have peace of mind that our ACA team will guide you all the way.
- » Quick & easy implementation.
- » We can handle those complex multi-employer requirements, too.
- » Confirmation of plan design.
- » Year-end IRS 1094-C & 1095-C form prep and review.

The **Efficient Affordability Simulator** helps you avoid penalties by:

- » Determining if your benefit plans are affordable.
- » Helps you optimize your employer contribution.
- » Electing the best safe harbor method.

We make your day-to-day **benefits management a breeze** with our streamlined Employee Notifications Dashboard. Your new hires will receive the Marketplace Notification automatically and it can be provided annually to current employees.

All **tracking and measuring** is done in real-time based on payroll data, so a notification of eligibility is never missed.

When it comes time for year-end reporting to the IRS, We have you covered!

- » Automated IRS 1094-C & 1095-C form generation.
- » Automated submission to the IRS & receipt for audit trail.
- » Electronic delivery of 1095-C forms to your employees.
